Petition for Writ of  
Habeas Corpus

### Introduction

Petitioner, Arcadio Acuna, is a state prisoner currently housed in the Security Housing Unit(SHU) of Pelican Bay State Prison (PBSP), in Crescent City, Calif. On Oct. 06, 2005, Petitioner filed a Petition for Writ of Habeas Corpus in the Superior Court of Del Norte County challenging the validation process that labeled him a member of a prison gang, his placement in the SHU and the institutional committee actions retaining him on an indeterminate term of segregation based on his being erroneously labeled a member of a prison gang.

After the Court issued an order to show cause indicated due process in the initial validation had in fact been denied and the evidence relied on did not support the finding he is or was a member of a prison gang, a new validation process was conducted by prison officials. On July 26, 2006, a decision was made labeling Petitioner as an "active" associate of a prison gang holding that he would not be eligible for consideration for in-active status or release back to the general population until Oct. 03, 2011.

On Oct. 06, 2006, the Superior Court dismissed the Petition for Writ of Habeas Corpus without explanation or citation to legal authority and discharged its previously Issued Order to Show Cause. (see Exhibit-A)

By this action Petitioner asserts that the revalidation entered on July 26, 2006, that labeled him an active associate of a prison gang did not comport to the criteria set forth in Castillo v. Alameida, No. C-94-2847-MJJ-JCS and provisions contained in Calif. Code of Regulations, Title 5, Div. 2, and submits that because the evidence relied on does not support the finding he was involved in gang activity after he was granted in-active status in May 2002 the current revalidation should be overturned and the Department be compelled to release Petitioner to the general population forthwith.

#### Statement of Facts

As a preliminary matter Petitioner submits that after vigorously arguing for over 2 1/2 years through the institutional inmate appeal process that he had been denied due process in the initial action that labeled him a member of a prison gang and exhausting

administrative remedy through the Director's Level of Review a revalidation was conducted by prison officials after the Superior Court in the previous habeas proceedings issued an order to Show Cause setting forth that Petitioner had in fact been denied due process and the evidence relied on did not show Petitioner to be a member of a prison gang. (see In re Acuna, No. HC-PB 05-5242, Order to Show Cause dated Feb. 14, 2006)

Moreover, a review of the record here shows that Petitioner is a 55-yr. old prisoner serving a triple-life sentence, plus 8 yrs., and has been continuously confined in various Calif. prisons since 1985. Petitioner previously served 10-ys. on an indeterminate term of reparation from 1990 to 2000 in PBSP-SHU after he was labeled an associate of a prison gang.

The record also shows that Petitioner was granted "in-active" status on Feb. 07, 2000, and was transferred to Calif. Correctional Institution (CCI), on July 20, 2000. Petitioner remained in the general population of CCI for 2-ys., earning average or above-average work performance reports in all of his assigned positions, completed a 12-week Anger Management/Substance Abuse Self-Help Program, and received only one CCR-113 Rules Violations Report during this entire period for possession of inmate manufactured alcohol.

On May 20, 2002, Petitioner was transferred to Calif. State Prison-Los Angeles County (CSP-LAC), in Lancaster, Calif., after he requested and was granted a hardship transfer because of medical issues concerning his only surviving sibling, and a desire to be housed closer to his daughter and grandchildren who reside in Palmdale, Calif. During the almost 2-ys. Petitioner was housed at CSP-LAC he

2

earned numerous certificates of completion in various vocational assignments, was awarded laudatory job performance reports and received no CDC-115 Rules Violations Reports.

Nevertheless, in Dec. 2004, Petitioner was approached by Institutional Gang Investigator (IGI) Lt. Garcilazo at CSP-LAC and told that unless he agreed to become an informant he was going to find a way to send Petitioner back to the SHU. (see Exhibit-E, Declaration) Petitioner refused to succumb to Lt. Garcilazo's threats and soon thereafter he was advised that a validation package was being submitted to the Law Enforcement and Investigations Unit (LEIU) in Sacramento, Calif., alleging Petitioner to be an active member of a prison gang.

Petitioner remained in the general population of CSP-LAC until Mar. 01, 2004, when he was transferred to Calipatria State Prison (CSP) because CSP-LAC was being closed to general population prisoners. Three days after his arrival at CSP Petitioner was placed in Ad. Seg. after notice was received from the LEIU that he had been validated as an active member of a prison gang on Jan. 20, 2004.

Petitioner was subsequently transferred back to PBSP-SHU on Nov. 17, 2004, and after exhausting administrative remedy via a CDC-602 Inmate Appeal, on Oct. 05, 2005, filed a Petition for writ of Habeas Corpus in Del Norte County Superior Court asserting denial of due process and insufficiency of evidence. On Oct. 31, 2005, the court requested an Informal Response from prison officials, and the deputy attorney general acting on behalf of the warden filed such a response on Dec. 29, 2005, claiming all due process requirements had been met. On Jan. 13, 2006, Petitioner made a Reply to the

Informal Response refuting each of Respondent's allegations.

On Feb. 14, 2006, the Court Issued an Order to Show Cause stating the evidence relied on in the initial revalidation had not been properly disclosed and expressed grave concerns on the source items after it conducted an in-camera review of the documents at issue. The Court also appointed counsel to represent Petitioner in the habeas proceedings.

On June 05, 2006, a new revalidation package was prepared by PBBG IGI D. Hawke and submitted to the LEIU which made reference to 27-separate source items dating from Oct. 11, 1988, to Oct. 03, 2005. Petitioner challenged each of the items asserting that they did not comport to the "Castillo" criteria and Cal.C. Code of Regulations, but on July 26, 2006, Petitioner was validated as an active associate of a prison gang based on 16 of the source items submitted. (See Exhibit-B, CDE-602 Inmate Appeal log# D06-01842)

In this appeal Petitioner challenged the revalidation process and set forth how each of the source items did not qualify as reliable evidence of gang activity according to express provisions contained in the Code of Regulations. The appeal was denied through the Director's Level of Review and at each level prison officials failed to explain how each item established verifiable acts of misconduct committed by Petitioner shows to aid and abet, promote or further the interests of a prison gang. (See Exhibit-B)

On June 16, 2006, Respondent filed a Return to the Court's Order to Show Cause arguing that Petitioner's initial revalidation of Jan. 2004 had been properly obtained, and noted that a new revalidation package had been submitted to the LEIU and a decision was still pending.

as to Petitioner's current gang status. Petitioner filed a Denial to Respondent's Return on July 17, 2006, denying each allegation asserted in the Return and set forth how the revalidation process was complete at odds with the "Castillo" Settlement Agreement and Cal.C. Code of Regulations as the only question that should have been addressed was whether there was evidence establishing a direct link to verifiable gang activity after Petitioner was granted in-active status in May 2000 during that time period when he was housed in the general population. Petitioner asserted that all the source items did not qualify as reliable evidence of gang activity under provisions contained in the Cal.C. Code of Regulations.

On July 26, 2006, the Court issued an Order Setting Status Review wherein it stated the Court had previously held the mistaken impression at the time the Order to Show Cause was issued that the challenged revalidation was an initial validation, and requesting briefing on the standard of review applicable to a revalidation after a prisoner has been granted in-active status.

On Sept 15, 2006, Respondent filed a Supplemental Brief arguing that only one source item was necessary to have revalidated Petitioner as an active associate of a prison gang and that the issue of the illegality of the Jan. 2004 was moot since a new validation had been obtained on July 27, 2006. Petitioner filed papers in opposition to Respondent's allegations, and set forth that the process applicable to a revalidation as contained in Cal.C. Code of Regulations required 3-source items, and submitted that Respondent's argument was contrary to the provisions set forth in the Castillo Settlement Agreement.

The Court on Oct. 06, 2006, in a minute Order denied the

Petition for writ of Habeas Corpus, and without explanation or citation to legal authority dismissed its previously issued Order to Show Cause. (see Exhibit-A)

## I.

### Revalidation of Petitioner As An Active Associate of A Prison Gang Did Not Comport To Castillo

#### Settlement Agreement And Cal.C. Code of Regulations

On Sept. 21, 2004, a settlement Agreement was entered into in the case Castillo v. Alameida, et. al., No. C-94-2847-MJJ-TCS (N.D. Calif.), wherein the Calif. Department of Corrections and Rehabilitation agreed to propose and codify changes in policy and procedures concerning what is referred to as the gang validation process. (see Exhibit-C) By this binding agreement applicable to all Calif. state prisoners due process in gang validations and in-active status reviews was defined and it was established, among other things, that after a prisoner is granted in-active gang status and released to the general population in order to revalidate him as "active" the same process as is applicable to the initial validation must be applied. (see Exhibit-C, Agreement at pp. 4-7) This requires that at a minimum at least three independent source items be presented which document verifiable acts of gang misconduct. (see Calif. Code of Regulations, Title 15, sec. 3378(cc)(1)).

In accordance with this Agreement prison officials on Mar. 10, 2005, issued a Memorandum to all staff concerning changes to policy in regards to gang management procedures. (see Exhibit-D) Also, on Oct. 07, 2005, a notice of change to Regulations was distributed announcing amendments to the Code of Regulations, i.e. reference to gang validations and in-active status reviews. In clear and unambiguous language sec. 3378(g)(2) states: "The procedures

X X  
relating to the initial validation or rejections of gang members or associates as described in this section shall be followed when reviewing the present status of an active member or associate. (see Exhibit - E, Notice # 09/08)

A.

Revalidation Did Not Comport to Castillo

Settlement Agreement And Calif. Code of Regulations

On July 27, 2006, Petitioner was revalidated as an active associate of a prison gang based on 16 of 27 source items contained in a validation package presented to the LEM by PBSP-IGI D. Hawke on June 05, 2006, after the Court in the previous habeas proceedings issued an Order to Show Cause recognizing that serious questions existed concerning denial of due process and insufficiency of evidence in the Jan. 2004 validation of Petitioner as a member of a prison gang. The source items relied on in the revalidation ranged in date from Oct. 11, 1988, to Oct. 03, 2005.

On July 30, 2006, Petitioner filed an institutional appeal, CDC-602 log # D-06-01842, wherein he challenged the validation and addressed each of the source items relied on in the process. Petitioner put forth that items 1, 2, 3 and 6 were developed after Petitioner was erroneously validated as a member of a prison gang in Jan. 2004; items 5, 7, and 10 were relied on to validate Petitioner as a member on Jan 20 2004; items 14, 15 and 16 were relied on in the Nov. 1990 validation process that labeled Petitioner as associate of a prison gang; and, items 4, 8, 9, 11, 12 and 13 were available in Petitioner's prison file but did not qualify as reliable source items in the Jan. 2004 and Nov. 1990 validations. Petitioner further asserted that the source items did not qualify as evidence

of current gang activity under provisions of the Castillo Settlement Agreement and Calif. Code of Regulations as they did not document evidence of verifiable acts of gang misconduct as defined in CCR, Title 15, sec. 3378(c)(8)(A-M), fell outside the 6-yr. period defined in sec. 3378(c)(1), and in each instance prison officials failed to state an articulable basis for how or why each item qualified as evidence of current gang activity as required by sec. 3378(c)(8)(A-M). (see Exhibit-B, CDC-402 Inmate Appeal Log# D06-01842)

The appeal was denied through the Director's Level of Review and at each phase of review prison officials failed to explain how each source item qualified as evidence of current activity as defined by the Code of Regulations or by what legal authority, regulation or statute it was established only one source item was necessary to have revalidated Petitioner as an active associate of a prison gang and retain him in the SHU on an indeterminate term of segregation. (see Exhibit-B)

Furthermore, while the revalidation of July 27, 2006, was not properly before the Court in the previous habeas proceedings the Court in its dismissal of that action <sup>did not clarify or explain why</sup> the requested relief was denied, did not set forth the legal standards applicable to a revalidation after the issue was fully briefed and did not rule whether 3-source items are required or if only one will suffice. (see Exhibit-A, Minute Order)

Petitioner asserts that the revalidation that took place on July 27, 2006, should have only focused on whether evidence existed showing Petitioner was actively engaged in verifiable acts of gang misconduct during that time period after he was granted in-active status and released to the general population in May

2000. It was wholly irrelevant to the process, and contrary to the Castillo criteria to have relied on documented information dating back almost 20 yrs. (see Exhibit-D, p.1, item "E")

Moreover, Petitioner submits that the significance of the 3-source item rule in revalidations arises from the higher level of due process that is mandated when imposing long-term periods of segregation to be served in PBSP-SHU. (see Castillo v. Alameida, *supra*; Madrid v. Gomez (N.D. Cal. 1995) 889 F.Supp. 1146) The conditions of confinement and deprivations Petitioner has had to endure as described in Madrid cannot be understated and must be given due consideration when a decision is made as to whether the revalidation at issue here comports to the Castillo Settlement Agreement and Cal.C. Code of Regulations.

Finally, Petitioner asserts that under the facts of this case with a view to the entire record and especially the documented history of Petitioner's performance while he was housed in the general population between May 2000 to Mar. 2004, makes it clear that it would be a gross miscarriage of justice and contrary to the law to allow the current validation to remain in force and permit prison officials to continue enforcing an illegal policy, especially considering that the initial revalidation of Jan. 2004 was imposed in retaliation for Petitioner refusing to become an informant.

#### Conclusion

Petitioner herein incorporates by reference all of the papers and pleadings filed in Superior Court Case In re Acuna No. HC-PB-03-3242, and asserts that as based on all of the reasons set forth in the attached Petition for Writ of Habeas Corpus, this Memorandum of Points and Authorities, and all other papers

and pleading referenced herein, prison officials should be ordered to reimpose petitioner's inactive status, release him to the general population forthwith, and the Court should issue the writ and grant any and all other relief as may be required by law.

I declare under penalty of perjury that all of the foregoing is true and correct and was executed on this 10th day of Dec., 2006, in Crescent City, Calif.

Respectfully submitted,

Arcadio Acuna

Validation package was submitted to the LEOU on 1/3/04 by I/M D. Hawke. Also of relevance to this appeal I am asserting the "Castillo" criteria is controlling, and under these standards the source items relied on do not establish I am an active associate. Each of the source items is addressed as follows:

Item #1 - Memo dated 10/3/03 - Alleges a letter was written to the mother of my ex-cell mates by I/M Estrada, but does not identify gang activity on my part and does not show I myself ever communicated with I/M Estrada. Also, it failed to articulate how this information qualified as evidence of active association in accordance with sec 3378(c)(8)(c).

Item #2 - Memo dated 10/12/04 - Discloses a note confiscated from a prisoner at Capria mentions me by name but does not depict gang activity on my part. It failed to articulate how this information qualified as evidence of active association in accordance with sec 3378(c)(8)(c).

Item #3 - 128-B dated 8/10/04 - States my name and number found in another prisoner's phonebook, but shows no link to gang activity or that I ever communicated with this I/M. Staff failed to articulate how this information qualified as evidence of active association in accordance with sec 3378(c)(8)(c).

Item #4 - CDC-115 dated 7/30/04 - [Citing 128-B's dated 3/29/04, 2/10/05, 3/11/03] References a RVR where I was found guilty of an assault. Incident occurred more than 6-7 years ago and does not qualify as source item pursuant to 3378(c)(1).

Item #5 - Memo dated 12/12/03 - This item was originally relied on to validate me a "member", but does not show gang activity on my part. It says a note was recovered from another prisoner who "speculates" I may have been made aware of prison politics by yet another prisoner. I was not, and staff failed to articulate how this information qualified as showing active association in accordance with sec 3378(c)(8)(c).

Item #6 - Memo dated 11/18/03 - Self-serving debriefing statement alleging unverified a non-specific acts. Staff failed to articulate how this information qualified as showing active association pursuant to sec 3378(c)(8)(c).

Item #7 - memo dated 9/23/03 - This information was relied on in the 1/20/04 validation which held I was a "member" of a prison gang, makes numerous allegation of serious criminal conduct that was never verified in any way, shape or form, or reported in a RVR as required pursuant to sec 3312(z).

Item #8 - Memo dated 8/8/02 - Alleges through hearsay that I was instructing prisoner on how to communicate in code in a self-serving debriefing statement with no ver-

RE: WARDEN'S LEVEL DECISION  
 APPEAL LOG NO. PBSP-D06-01842

APPEAL: DENIED  
 ISSUE: CASE INFO/RECORDS

This matter was reviewed by Robert A. Horel, Warden, at Pelican Bay State Prison (PBSP). Correctional Sergeant D. Barneburg conducted the Appeal interview at the Second Level of Appeal Review on August 31, 2006.

All submitted documentation and supporting arguments have been considered, including the interview conducted at the Second Level of Review. Additionally, a thorough investigation has been conducted into the claim presented by the inmate and the documentation evaluated in accordance with PBSP's institutional procedures and the California Department of Corrections and Rehabilitation policies.

#### ISSUES

In Section A of the Appeal Form, inmate ACUNA states that he had been issued a new CDC 128B2 indicating that his validation had been changed and updated from Mexican Mafia (EME) member to EME associate. This update was completed per a court order issued by the Del Norte County Superior Court. ACUNA asserts that the sixteen (16) validation sources cited on his 128B2 did not meet the criteria set forth in the Castillo vs. Alameida settlement and did not articulate specific gang activity on ACUNA's part. ACUNA addressed the 16 items individually, stating that each did not meet the Castillo criteria.

Inmate ACUNA requested that a decision be made that he is not an active associate of the EME pursuant to the Castillo vs. Alameida settlement, and be released to the General Population.

The Informal Level, Formal Level, and First Level were bypassed in this Appeal.

On August 31, 2006, Sergeant Barneburg interviewed inmate ACUNA concerning the contents of this Appeal. During the course of this interview, ACUNA related essentially the same information that he provided in his written Appeal.

#### FINDINGS

I

Inmate ACUNA was originally validated as a member of the EME on October 5, 1995, based upon a gang validation package submitted by Institutional Gang Investigator Bell at Folsom State Prison. A subsequent 128B2 dated February 7, 2000, was issued identifying ACUNA as inactive. On

January 12, 2004, an Inactive Review was completed by Institutional Gang Investigator Garcilazo at California State Prison, Los Angeles County, which resulted in a CDC 128B2, Gang Violation Chrono dated January 20, 2004, identifying inmate ACUNA as an active EME member. In an agreement with the Del Norte County Superior Court, the validation of ACUNA and his status were reviewed. The 16 documents were submitted by Correctional Counselor II D. Hawkes to satisfy this agreement resulting in a CDC 128B2 dated July 26, 2006, validating inmate ACUNA as an active associate of the EME.

Sergeant Barneburg reviewed inmate ACUNA's Central File and determined that the Confidential Memorandums used in ACUNA'S validation meet the validation requirements established in the California Code of Regulations (CCR), Title 15, Section 3378 and the Castillo vs. Alameida settlement. The Law Enforcement and Investigations Unit (LEIU) accepted the documents as current gang activity, and as the validating authority, LEIU is considered to be expert in their review and determination of the documents. Inmate ACUNA received a CDC 1030, Confidential Information Disclosure Forms, regarding each item used in his validation. The CDC 1030 provides the inmate with notification of documents being used against him, without revealing enough information for the inmate to identify the confidential source. Inmate ACUNA takes issue in his Appeal with not being provided enough information from confidential documents; however, all information regarding these documents has already been disclosed in accordance with policy and procedure.

## II

### DETERMINATION OF ISSUE

The Second Level Reviewer reviewed the action requested in this Appeal. This Appeal is DENIED at the Second Level. A review of the documents used in inmate ACUNA'S Active/Inactive review revealed that they met the validation requirements established in CCR, Title 15, Section 3378 and the Castillo vs. Alameida settlement. Therefore, ACUNA'S request that the documents used to justify his active gang status be expunged from his Central File is DENIED.

### MODIFICATION ORDER

No modification of this decision or action is required.

**DIRECTOR'S LEVEL APPEAL DECISION**

Date: DEC 01 2006

In re: Acuna, C-43165  
Pelican Bay State Prison  
P.O. Box 7000  
Crescent City, CA 95531-7000

IAB Case No.: 0603584

Local Log No.: PBSP 06-01842

This matter was reviewed on behalf of the Director of the California Department of Corrections and Rehabilitation (CDCR) by Appeals Examiner K. J. Allen. All submitted documentation and supporting arguments of the parties have been considered.

**I APPELLANT'S ARGUMENT:** It is the appellant's position that he has been incorrectly validated by staff at Pelican Bay State Prison (PBSP) as an associate member of the Mexican Mafia (EME) disruptive group. The appellant states that the 16 items listed on his CDC Form 128-B2, Gang Validation/Rejection Review Chrono, as validation sources did not meet the criteria set forth in the Castillo vs. Alameida court settlement regarding gang validation. He also believes that the validation sources did not properly articulate specific gang activity on his part. The appellant requests on appeal that a decision be made that source items used to validate him as an active associate of a prison gang member not be used, and that he be granted inactive status and released to a general inmate population setting.

**II SECOND LEVEL'S DECISION:** The reviewer found that in accordance with departmental regulations and the Castillo vs. Alameida court settlement, CDCR Institution Gang Investigator staff appropriately documented critical case information regarding the appellant's gang involvement. The appropriate documents were submitted to the Law Enforcement Investigation Unit (LEIU) for review regarding the appellant's validation. The LEIU accepted the documents as current gang activity and validated the appellant as an active associate of the EME. The reviewer notes that the appellant received a copy of each and every CDC Form 1030, Confidential Information Disclosure Forms, regarding his validation. The appeal was denied at the Second Level of Review (SLR).

**III DIRECTOR'S LEVEL DECISION:** Appeal is denied.

**A. FINDINGS:** A review of the SLR indicates that the appellant's appeal complaint has been thoroughly addressed. The institution has appropriately followed the rules and regulations set forth by the CDCR to validate members of disruptive groups. Information contained within the appellant's central file was thoroughly reviewed by institution and Department staff familiar with the activities of gangs. It was properly determined that sufficient documentation exists to support validation from the LEIU. The information used to identify the appellant has been properly documented and enclosed in his central file.

The appellant's association with a prison gang has been properly documented and subsequent classification and housing based upon gang membership will be appropriate. The appellant has failed to provide a compelling argument to warrant a modification of the decision reached by the institution. Therefore, no relief will be afforded the appellant at the Director's Level of Review.

**B. BASIS FOR THE DECISION:**

California Code of Regulations, Title 15, Section: 3000, 3001, 3023, 3321, 3378, 3378.2, 3402  
CDC Operations Manual Section: 13030.10

**C. ORDER:** No changes or modifications are required by the institution.

ACUNA, C-43165  
CASE NO. 0603584

This decision exhausts the administrative remedy available to the appellant within CDCR.

Estrada wrote that Acuna may have misled another individual a little. This does not appear to be a concern to Estrada, for he said after this "So really I'm not tripping." Staff information identified the misled individual as "Dean" Salvador Mendoza J84814 of Casa Blanca. Acuna was identified as training EME associates how to avoid becoming validated.

As responding staff approached the table, ACUNA, leaning forward, left his table and kicked WINSTON in the upper body and facial area. Both inmates went to the floor, wrestling and throwing punches until responding staff separated the combatants and placed them in mechanical restraints (Handcuffs). ACUNA and WINSTON were escorted to the Facility B Clinic, where they were examined by the M. T. A. ACUNA received two (2) three inch (3") lacerations to the right side of his face. **3) Disclosure of information received.**

A self-admitted associate of the EME reported that "Cadio" Acuna was released from PBSP-SHU after getting his status changed to inactive. The source related that Acuna is very active, and was awaiting confirmation of EME membership. There were doubts about the granting of EME membership due to Acuna's age and the fact he had not killed anyone for the gang. While at CCI, Acuna was taking care of four or five EME members at PBSP-SHU. Acuna was sending money to EME members "Terco" Acuna, "Sleepy" Gabriel Huerta C80766 of Wilmas, "Chino" David Delgadillo D16318 of Geraghty Loma, and "Popeye." Acuna was reportedly instructing the inmates about the EME. Acuna reportedly targeted "Squid" Mark Galvan H91736 of Arlanza for assault. The targeting of Galvan for assault was questioned by another person operating for the EME. Acuna's name was on a list of persons the EME was protecting. Acuna and the other six individuals with this protection became known as the "Magnificent Seven." The note endorsing this action was signed by ten EME members from PBSP.
